check sent by you for \$10,048.50 in settlement of policy No. 65,642 in the Equitable Life Assurance Society, which policy matured yesterday. The figures speak for themselves, but I wish to thank you for the promptness with which the policy has been settled, and beg to assure you that if I conclude to increase the amount of my insurance now carried I will insure through you with the Equitable.

I am, yours truly.

(Shened)

On December 30, 1871, Mr. Edmonston took out this policy on his life for \$10,000. He selected the 20-year endowment tontine plan. He paid \$481.50 per year for the full period, and if he had died during the 29-years his family would have been paid \$10,000 in full, but Mr. Edmonston is still with us and apparently in good health, and we have his receipt for the full payment of \$10,948.50, bents \$7,318.50 in excess of the amount paid the Equitable. This shows the best combination of investment and insurance that has ever been presented to the public.

HOW IS THIS FOR PROTECTION?

Read this letter from the wife of Max Newhoff of Baltimore. Mr. Newhoff was a very large and prominent wholesale merchant who increased his assurance a few months before his death:

MESSES. BOWES & HALL.

Dear Sirs: I am in receipt this day of the check of the hquitable Life Assurance Society of New York for \$00,000, the amount of the insurance carried by my late husband, Max Newhoff, in your society. I wish to tender to you and your company my sincere thanks for your prompt settlement of this claim. The larger portion of this insurance (\$50,000) was taken during the current year, and the fact that I have within a few weeks of my husband's death, without quibble or question, put into my hands \$60,000 was taken during the current year, and the fact that I have within a few weeks of my husband's death, without quibble or question, put into my hands \$60,000 was taken during the current year, and the submy without or plant of the Equitable that its policy is like a bank draft.

Very truly yours,

(Signed)

This celebrated Whisky, most carefully and slowly yeasted, mashed, fermented and distilled from the invaluable health-giving Chalybeate waters and choice small grain Rye peculiar to the renowned mountain districts of Fennsylvania and Maryland, and ripened in heated ware houses, sea voyaged and aged in the warm salt air of Bernuda. The exides of iron and their homologous salts found in the waters from which this Whisky is distilled render this Whisky invaluable and unequaled as a tonic and rejuvenator to those in need of scrength, vitality and vigor.
